Bellman's Bakery and Catering Services

have more than 40 years' experience in the food industry. The business first opened by a baker with a passion for fresh and delicious food, who has now passed down the operation to his four children. The business is now run by three generations of family who strive to provide their customers with quality, freshness and a first-class experience. Supported by other family members working alongside them, the traditional family bakery now holds a strong reputation for hand-crafted, tasty food at competitive rates. All food and other products, including seasonal fruits and salads, are provided by local companies, where possible.

Whatever the occasion, Bellman's can provide you with a high quality, hand-made service. From weddings to birthday parties, christenings to wakes. Our customers are the heart of our business so providing you with delicious food for your events is our top priority and all requests will be fulfilled where possible.

Believe it or not, both example menus can cater 50 people!

Our main recommendation is that if you have an event for 50 guests and you would like to spend £6.00 per head (£300), instead spend £12.00 per head for 25 guests (£300). This way you get twice the variety, cover a range of different tastes and diets, save on waste, and also create a buffet that is more appealing to the eye and palette.

We can cater for up to 400 people.

All buffets will be ready for either collection or delivery at a time and location that suits you.

Because not every event is the same, why should the food be?

Everybody's tastes and budgets differ so we find the easiest way to choose the best possible menu for your event is to give us a call. Our friendly staff will be happy to advise on the suitable service for you.
